 - (a) Interest Rate: 2.75 per cent. per annum
The Calculation Agent will calculate the amount of interest (the "Interest Amount") per Authorized Denomination for the relevant Interest Period, payable in USD, by applying the following formula:-
(Fixed Interest Rate *multiplied by* Authorized

- Denomination) *divided by* the Reference Rate, (as defined below), multiplying the result of this division by the applicable Fixed Rate Day Count Fraction.
- (b) Fixed Rate Interest Payment Date(s): July 6, 2008, July 6, 2009 and July 6, 2010
- (c) Initial Broken Amount: MYR 266.73 per Authorized Denomination payable in USD by applying the following formula: *(266.73 divided by the Reference Rate)*
- (d) Fixed Rate Day Count Fraction: Actual/Actual (ICMA). For the avoidance of doubt, Actual/Actual (ICMA) refers to a fraction equal to “number of days accrued/number of days in year” as such terms are used in Rule 251 of the statutes, by-laws, rules and recommendations of the International Capital Markets Association (the “ICMA Rule Book”) calculated in accordance with Rule 251 of the ICMA Rule Book as applied to non US dollar denominated straight and convertible notes issued after 31 December 1998.
13. Relevant Financial Centre: Kuala Lumpur and New York City
14. Relevant Business Days: London, Kuala Lumpur, Singapore, New York City
15. Redemption Amount (if other than Principal Amount) (Condition 6(a)): The Redemption Amount per Authorized Denomination will be payable in USD and determined by the Calculation Agent as follows, on the Rate Fixing Date prior to the Maturity Date:
- Authorized Denomination *divided by* the Reference Rate rounded down to the nearest cent.
- Whereas:
- “Preceding Business Day Convention” means that if any date that is specified to be subject to adjustment with the Preceding Business Day Convention would otherwise fall on a day that is not a Relevant Business Day then such date shall be brought forward to the immediately preceding Relevant Business Day.
- The “Reference Rate” means the rate determined by the Calculation Agent that is equal to the MYR/USD spot offer rate (i.e., the rate at which banks buy MYR and sell USD) expressed as the amount of MYR per one USD, for settlement in two Relevant Business Days, reported by the Association of Banks in Singapore which appears on the Reuters Page ABSIRFIX01 to the

right of the caption “Spot” under the column “MYR” (the “MYR Rate”) or such other page or service as may replace any such page for the purposes of displaying the MYR/USD reference rate published by the Association of Banks in Singapore at around 11:30 a.m. Singapore time on the relevant Rate Fixing Date as determined by the Calculation Agent, provided, however that:

(1) if the MYR rate is unavailable, then the Calculation Agent will request the principal Singapore office of each of the Reference Banks to provide a quotation of such rate. If at least two quotations are provided, the rate for the relevant Rate Fixing Date will be the arithmetic mean of the quotations. If fewer than two quotations are provided as requested, the rate for the relevant Rate Fixing Date Reset Date will be determined by the Calculation Agent on the relevant Rate Fixing Date in good faith and in a commercially reasonable manner, having taken into account relevant market practice.

“Rate Fixing Date” means 5 Relevant Business Days prior to the relevant Fixed Rate Interest Payment Date and/or Maturity Date, subject to adjustment in accordance with the Preceding Business Day Convention, provided, however, that if such date is an Unscheduled Holiday, the Rate Fixing Date shall be the next following Relevant Business Day.

“Reference Banks” means four major banks in the Singapore interbank market as selected by the Calculation Agent.

“Unscheduled Holiday” means a day that is not a Relevant Business Day and the market was not aware of such fact (by means of a public announcement or by reference to other publicly available information) until a time later than 9:00 a.m. local time in the relevant Financial Centre(s) of the Specified Currency two Relevant Business Days prior to the relevant Rate Fixing Date.
